On August 07, 2015, Deputy Margie McQuestion submitted a proposal regarding the way court updates are logged and retained. The previous method took about one hour each day to handle pertinent information regarding court updates, sentencing, holds etc. Deputy McQuestion proposed that we log this information in the Odyssey jail activity report which is generated daily by transfer staff.

By doing this, Deputy McQuestion has lightened some of the repetitive workload generated by transfer staff which will allow staff to handle other duties in a timely manner.
