Ref: Teamwork during severe weather event

On the evening of April 3, 2014 Todd Eades, David Jarrell and myself worked as a very cohesive team during the storms that hit Collin County. Both Todd and David did extremely great jobs keeping up with all the activity from the phones and radios. Both showed valuable teamwork as we had a flood of calls coming in while trying to contact all the different agencies needed to assist with the storm damage such as various electric companies, the Red Cross and so on. I would like to recommend that Todd Eades and David Jarrell be put in for a GEM award. If they are not eligible for this I would like to make sure they receive a written memo for jobs well done.

I would like to commend all three on a job well done! The activity during an event like this can be overwhelming however each performed at an optimum level by handling all the phone and radio traffic for the severe weather as well as keeping up the other calls coming in not related to this incident. I am very proud of them! Recommend each for a GEM award. R. Ramon RR

Good Job by everyone Recommend Approved
