

PURPOSE

The Department of Information Technology delivers qualitative and innovative information technology solutions to citizens, the business community and to Collin County staff for convenient access to appropriate information and services.

MAJOR PROGRAMS

FINANCIAL MANAGEMENT / EAS / STRATEGIC MANAGEMENT

To establish an IT Process Framework designed to standardize and increase predictability of select IT processes utilizing industry best practices and to lower total cost of ownership. To maintain and monitor the maintenance renewal process to ensure a consistent level of coverage is in place for all County supported computer systems in compliance with vendor agreements and contracts. To manage the use of standardized request for proposal (RFP) and statement of work (SOW) templates within the IT department when procuring computer equipment and services to ensure that all vendor proposals are provided a consistent view of the County technology strategy and installed infrastructure and serve as a focal point for the review of any RFP or SOW responses.

FY 2013 Goals & Objectives

- Set yearly equipment standards.
- Develop architecture roadmaps.
- Complete applications deployment documentation and process standards.
- Complete network documentation standards and templates.

ADMINISTRATIVE MANAGEMENT

IT Department's Administrative Support Services include customer service, payroll, budget (departmental and projects), Collin County operator, requisition entry, repair/replacements, travel expenditures, scheduling/training, maintenance renewals, onboarding/off boarding employees and office supply purchases.

FY 2013 Goals & Objectives

- Provide prompt and courteous county operator service to the citizens of Collin County.
- Continually explore ways to save on administrative costs.

SERVICE SUPPORT MANAGEMENT

Assistance includes installation, configuration, testing and maintenance for desktops, laptops and mobile devices for County users. Printers, faxes, scanners, electronic accessories/peripherals and Microsoft/3rd Party application support for County users.

FY 2013 Goals & Objectives

- First level support to resolve 50% of calls received.
- Second level of support to resolve all escalated calls timely.
- Complete the implementation of county wide projects as needed.

APPLICATION DEVELOPMENT

IT Department's Application Development Group is responsible for delivering working software frequently. We build projects around motivated individuals, giving them the environment and support they need and trust them to get the job done. Our highest priority is to satisfy the customer through early and continuous delivery of valuable software. Working software is the primary measure of progress (Principles behind the Agile Manifesto).
