

Voter Registration Lists Overview

Pricing:

The fee for a Voter Registration List is \$25 plus \$2.06 tax = \$27.06.

Payment:

You can pay by cash (exact change, please) or check made out to the Collin County Treasury. You may pay in person or mail payment to the Elections Department at 2010 Redbud Blvd, Ste. 102, McKinney, TX 75069.

Delivery:

We will burn your file onto a cd and you can pick it up at our office, or we can mail it to you at no additional charge. Files will not be delivered until payment is received.

To Request a List:

Please make your request in writing by emailing us at election@collincountytx.gov.

If you are conducting your election:

If you need a list of voters to conduct your election, please let us know, and we will provide the specific data you need. election@collincountytx.gov (972) 547-1900.

Format:

All voter registration lists are exported from our Voter Registration System, which contains only Collin County Voters. The export is a tab delimited text file which can be saved and then opened as a text file, or in Microsoft Access (or Excel, if you have the latest version.)

Data Included:

The file will not include phone numbers or email addresses. It will, however, contain each voter's county and state ID numbers, registered and mailing addresses, all districts the voter is registered in, registration dates, and voter history. For details on the data included, you will also be given an Export Layout File.

Districts:

Your file will contain all Collin County districts. Each district a voter is registered in is included in the file, and you will be given a report of the district codes to interpret this part of the data.

Voter Status:

Your file will contain all registered voters, which includes both Active and Suspense voters. Voters are changed from Active to Suspense when we have reason to believe they may no longer be residing at their registered addresses. This is usually because we have received a piece of mail returned to us as undeliverable. Suspense voters are still eligible to vote, but must confirm or update their addresses with us when they go to vote.

Voter History:

The export contains voter history. Each voter in the file will have a flag on their record of the election code for each election included that they have participated in. We will give you a report of the elections that are included in your file, and the respective codes.

Per state law, Voter Registration Lists are public information and we are required to furnish them upon request.
