Why the Honoree is receiving a GEM Award including dates:

Over the past few months the refrigerators which house all the vaccine have alarmed late at night, weekends and early in the morning. Fiona has responded to every call and made sure that the department didn't lose the vaccine which would have resulted in hundreds of thousands of dollars of loss. Fiona has worked long hours to ensure that all the Vaccine for Children's Providers in Collin County have what they needed to vaccinate children during the back to school rush. Fiona has sacrificed person time with her family to ensure that the vaccines were stored safely. Fiona's commitment to excellence has been demonstrated time and time again as she has risen to the challenge of constantly managing the alarms on the refrigerators during the day, evening and night.
