Why the Honoree is receiving a GEM Award including dates:

During the FY15 year, Greg saved the county over \$70K in maintenance contract costs by thoroughly reviewing the terms of each contract, working with the various countywide product owners on requirements/needs and eliminating items that were no longer required. In addition, Greg transformed what was a painful multi week budgeting process for maintenance into a task that only took a one time review with our budget department. We received very positive feedback from our budget director this year on Greg's input for the FY16 budget.
