

Collin County
Going the Extra Mile (GEM) Recognition Form

Honoree's Name: Tony Todd

Honoree's Job Title: Equipment Operator

Department: Public Works Road & Bridge

Years of Service with the County: 2.5

Why the Honoree is receiving a GEM Award including dates:

Sept., 2011

Because of his previous experience with welding, Tony Todd is sometimes asked to repair a bracket or other minor welding jobs at Public Works. In July 2011, Tony was asked to fabricate sturdy frames and mounting appliances for five new directional signs to be installed at the Courthouse and Administration Building. This proved to be a formidable task for a casual welder which required considerable time and effort. In the end, Tony's skill and determination produced 5 fourteen foot long professional looking frames to house the new signs.

Approved by elected official or department head on the 23 day of Sept., 2011
