## From the Museum Coordinator

Planning the programs for the Collin County Farm Museum is such a joyful experience because the public is learning more and more about the fun and unique learning opportunities available out here in this pastoral park. To the many of you who forward these brochures to your friends and co-workers, “Thank you!” It makes hearing the words, “I didn’t know this was out here,” more bearable to hear because more people are learning who we are, where we are located, and what we do... and what we do is quite a lot.

The past four years of evaluating and talking with the community at different events where you have shared your interests has been reinforced by a fierce attendance at workshops throughout 2015. As a result, I am proud to offer a new slate of workshops for 2016. The cheese and soap classes are back by popular demand. Hard cheese workshops and cooking classes have been added. A Rigid Heddle Loom weaving class was added because of interest shown at demonstrations. Canning classes were expanded and family friendly workshops were incorporated due to your increased requests. You are what makes these programs popular.

*Thank You!*
