

***C.S.C.D.
Mission Statement***

To protect the community through supervision/incarceration of the offender, to deter criminal behavior through the administration of sanctions, to encourage positive changes in the offender's behavior and to increase community corrections involvement. Our corrections philosophy is that offenders should be held strictly responsible and accountable for their actions, while being assisted in facilitating pro-social changes in behavior.

***S.C.O.R.E.
MISSION STATEMENT***

The mission of the SCORE Program and its personnel is:

- A. To equip offenders with cognitive tools and decision making strategies in order to combat errors in thinking.
- B. To facilitate positive behavior change through education, pro-social modeling and accountability.
- C. To deter criminal behavior through the administration of sanctions.
- D. To motivate participants to exhibit positive behaviors by assisting in reestablishing control of their lives.

Our philosophy is that offenders should be held strictly responsible and accountable for their actions, while being provided alternative resources for positive and pro-social behavioral change.

Break the Chain

"SCORE gave me my power back and control of my life and future."

"SCORE changed me into who I was meant to be."

"SCORE showed me I can do all things through the right choice."

THE S.C.O.R.E. EVOLUTION

Throughout the years of crime and fighting against criminal behavior there have been many questions in regards to our efforts in lowering the recidivism rate. Collin County Community Supervision Department, in conjunction with the Collin County Sheriff's Department, has developed a better way of educating criminal offenders. This program teaches, through cognitive behavioral and educational techniques, offenders to make better life decisions. The concept is based on Habilitation rather than Re-habilitation. Many of these offenders have never known another lifestyle, therefore they continue to re-offend. In the S.C.O.R.E. program we have incorporated many topics of education to ensure better life skills and self-awareness in order to foster change.
