NOTICE REGARDING WELLNESS PROGRAM

The Collin County wellness program is a voluntary wellness program available to all regular employees. The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program, you will be asked to complete a voluntary health risk assessment or "HRA" that asks a series of questions about your health-related activities and behaviors and whether you have or had certain medical conditions (e.g., cancer, diabetes, or heart disease). You will also be asked to have a physician provide your BMI information and to verify that you have had medically-recommended physicals and a cholesterol screening. You are not required to complete the HRA or to participate in the cholesterol screening or other medical examinations.

However, employees who choose to complete the requirements of the wellness program may be eligible for a lump-sum payment (unless they are an elected official) and may be eligible to receive a lower medical premium rate for the following plan year. Although you are not required to complete the HRA or participate in the biometric screening, only employees who do so will receive the lump-sum payment and the discounted premium rates.

The information from your HRA and the results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks. You also are encouraged to share your results or concerns with your own doctor.

Anyone who receives your information for purposes of providing you services as part of the wellness program will abide by the same confidentiality requirements. The only individual(s) who will receive your personally-identifiable health information are the organization providing the HRA (in this case UnitedHealthcare) and the coordinators who are collecting and tracking receipt of provided information in order to provide you with services under the wellness program.
