**RE: NOTIFICATION OF INACTIVE FACILITY
CRWC TYPE IV LANDFILL
TCEQ PERMIT NO. MSW-2278
COLLIN COUNTY, TEXAS**

The Construction Recycling & Waste Corporation (CRWC) Landfill was originally permitted in May 2003. The 147-acre site is located at 2650 East University Drive, approximately four miles east of the intersection of U.S. Highway 75 and U.S. Highway 380, within the City of McKinney in Collin County, Texas. The site has never been developed or opened for waste acceptance.

The site is a Texas Commission on Environmental Quality (TCEQ) permitted Type IV facility and is authorized to store, process, and dispose of wastes in accordance with the permitted site operating plan. The acceptable wastes include: construction-demolition debris, brush, rubbish, inert material, trash, and yard waste that is free of putrescible and household waste.

The site is currently inactive and as a permitted facility may begin operation or construction in the future. CRWC anticipates the initiation of construction and operation of the facility in the Spring of 2017.

For Further Information: Please contact the TCEQ Waste Permits Division Director at MC 124, P.O. Box 13087, Austin, TX 78711-3087 or call 512-239-1000; or contact, Construction Recycling & Waste Corporation, President, Tom Noons at PO Box 3123 Houston, Texas 77253-3123 or call at 713-861-8801.

Sincerely,
Construction Recycling & Waste Corporation
