Election Worker Tax Acknowledgment Form

Election worker compensation is subject to Federal Insurance Contributions Act (FICA) taxes, if earnings exceed the statutory threshold for such taxes. The threshold for 2026 is **\$2,500**.

- If earnings meet or exceed the applicable threshold during the calendar year, all wages earned as an election worker for that year will be subject to FICA taxes.
- In cases where your paycheck does not have enough earnings to cover the required taxes, you may be responsible for paying these taxes directly to Collin County.
- Payment of taxes could result in receiving a paycheck with little or no net payment.

By signing below, I affirm that I have read the information regarding the taxation of my election worker wages.
