

New Voter Certificates

Our office utilizes USPS-designated ZIP codes when mailing certificates to voters at their registered mailing addresses. In certain instances, the ZIP code assigned by USPS does not align with the voter's actual city district of eligibility. This discrepancy has led some voters to question whether their registration information is accurate.

This situation is particularly noticeable in areas such as Fairview, where the ZIP code is shared with McKinney. Although the mailing ZIP code may reference McKinney, the affected voters are correctly registered and eligible to vote in the City of Fairview. Their city district eligibility is accurately reflected on their certificates.

We are continuing to monitor the situation, please call if you have any questions.
