

NOTICE OF BOUNDARY CHANGES TO VOTING PRECINCTS

Section 42.006(a) of the Texas Election Code prohibits voting precincts from containing more than 5,000 registered voters. Growth within Collin County has resulted in twenty-one (21) voting precincts that exceed the maximum number of registered voters allowed in a voting precinct. On September 22, 2025 the Commissioners Court of Collin County, Texas adopted changes to the boundaries of the following voting precincts. In addition, nine (9) precincts with fewer than 150 active voters combined with an existing precinct. Also, Texas legislators recently approved PLANC2333 which redistricted four congressional districts within the State of Texas. This new plan created an additional nine (9) precincts as the newly drawn congressional lines went through already-existing Collin County precincts. An additional fifty-one (51) precincts had congressional district changes as they were drawn into a new congressional district. Voting precinct changes will be effective January 1, 2026. Maps depicting the boundaries of the new precincts may be viewed at www.collincountytx.gov/elections.
