

NOTICE OF VIRTUAL PUBLIC MEETING

Collin County Outer Loop - Segment 5 (Northeast)

Collin County is conducting a study of the alignment of Segment 5 of the Collin County Outer Loop in the northeast part of the county from State Highway (SH) 121 (near Anna, Texas) to US 380 (near Farmersville, Texas) in northeast Collin County. The current study will refine the previously identified alignment and develop right-of-way (ROW) mapping documents.

Collin County is hosting a virtual public meeting to share information about the project and gather feedback from the public on the alignment variations under consideration. The virtual public meeting is not a live event. All public meeting materials will be posted to the project website at ccol-segment5.com and will consist of a pre-recorded video presentation, exhibit boards, and an interactive comment map.

The public meeting details are listed below.

About the Study

The Collin County Outer Loop is a 55-mile planned transportation facility that will ultimately span from the Denton/Collin County line, through or by cities including Celina, Weston, Anna, Melissa, Blue Ridge, Farmersville, Josephine and Royse City, to the Rockwall/Collin County line. This project consists of Segment 5, which extends approximately 21 miles from SH 121 to US 380 in northeast Collin County. A technically preferred alignment for this roadway was previously identified and approved in 2007. The Collin County Outer Loop – Segment 5 project will review the previously identified alignment, identify needed revisions to the alignment location, and develop the ROW mapping documents.

The project's objectives are focused on enhancing mobility and safety, cost effectiveness, engineering feasibility, and minimizing environmental impacts.

The public is invited to submit comments on the proposed update through Monday, December 15, 2025.

Comments may be submitted in one of the following ways:
