Ms. Mattingly has only been County Court at Law Number One for approximately six weeks. However, during that time I have seen my jury trial numbers go from 100 cases set to less than 40 and cases that were as old as 2012 finally getting resolved.

In addition to Ms. Mattingly's considerable regular caseload, she has worked long hours and weekends to address cases that have lingered on the docket and which the court has previously asked prosecutors to address for years. I realize that the assistant district attorneys in Collin County work hard and have a lot of responsibilities to deal with on a daily basis. That makes Ms. Mattingly's efforts all the more praise worthy.

In all my years on the bench I have never sought a GEM Award for a prosecutor, although I have had many excellent prosecutors. Ms. Mattingly's efforts are exemplary and I hope she can be recognized for going above and beyond to help the court not only run as efficiently as possible, but to give some finality to cases that have been languishing too long.
