Why the Honoree is receiving a GEM Award including dates:

Misty is a great example of what it means to be a team player with the assistance she provides this department. In November 2023, she took the time to answer interview questions from a college student after she was approached about it by another supervisor. In January 2024, she became highly involved in the internship committee and still plays a vital role in it to this day. In April 2024, she volunteered to be involved with the policy committee and is now the chair which requires her to present the committee's requests to the management team. She consistently signs up to help cover duty on busy days and even agreed to take a full day duty for another officer when they transferred locations in June 2024. In July 2024, she agreed to help out the indirect unit with addressing fee delinquencies for offenders on their caseload. She gave them helpful tips about how to get someone to make a payment and reached out to several offenders herself to encourage them to make payments. Through her efforts, she was able to help multiple caseworkers in getting offenders to make payments. She is deserving of a GEM award and I am honored to submit her name at this time.
