Why the Honoree is receiving a GEM Award including dates:

On August 31, 2024 there was a major power outage at the Adult Detention Facility. All three on-call techs were working on generators and running fuel. During this time a large amount of water started coming through the staff dining ceiling. A Facilities tech was sent to check out the leak and located the problem, but was unable to find where to shut the water off at. Mr. Emery was called and tried to help over the phone, but once he was unable to help over the phone, he volunteered to come in and help. Even though Mr. Emery was busy and not on-call, he wanted to help his fellow co-workers and came in. Mr. Emery was able to get the water shut off, fix the leak and clean up the water so that the fellow technician could continue to run fuel. Mr. Emery has a great attitude every day and is always willing to help if needed. We greatly appreciate everything Mr. Emery does for Facilities and is an asset to Collin County.
