

Collin County

Going the Extra Mile (GEM) Recognition Form

Honoree's Name: Martha Best

Honoree's Job Title: Network Systems Administrator

Department: Information Technology

Years of Service with the County:

Why the Honoree is receiving a GEM Award including dates:

Martha has been extremely responsive to the demands placed on her position by the current construction projects. The general contractor, Christman has been very lax at providing advance notice of schedules, adhering to the dates provided when they do provide a due date, and have delayed providing the information needed in order to Martha to expeditiously complete her tasks related to the new Healthcare building.

Martha has repeatedly met the request and delivered the required information in order to help the contractor meet the deadlines we have with the ARPA projects.

Martha has done this while juggling not only the Healthcare building but also the Jail Medical facility.

Additionally, Martha, in conjunction with other members of the Infrastructure team, has had to prove to the general contractor that issues with implemented systems and technology are not due to Collin County infrastructure but rather with the implementation methodology used for the equipment.

Approved by elected official or department head on the 8th day of Sep, 20 26
