Honoree's Job Title: Asset Management Technician

Department: Public Works

Years of Service with the County: 32+

Why the Honoree is receiving a GEM Award including dates:

On June 16th 2026, after taking the weekend fuel readings, Michael Mosier received an urgent after-hours call reporting a significant water leak at the Collin County Service Center. Despite being off the clock, he immediately turned around and responded to the call, arriving at the facility without delay, and taking swift action to locate and mitigate the leak.

His quick thinking, technical expertise, and decisive action prevented what could have been a severe property damage event. By stepping up outside of his regular work hours, he demonstrated a high level of accountability and true ownership of our workplace. For his act of dedication and care for our facility, I nominate him for the Going the Extra Mile Award.
