Why the Honoree is receiving a GEM Award including dates:

During the late night hours of Saturday May 25, a storm with a history of producing tornados tore through the northern portions of Collin County. As this was a holiday weekend, many Road and Bridge employees were out of town or unavailable. William Melton responded to the emergency situation, ensuring that any roads that were able to be cleared were, and any roads that were too dangerous to clear were barricaded. The Road and Bridge department plays a vital role during these emergencies to ensure residents are safe and public roads remain passable. For his contributions during the emergency response of the Celina tornado, I nominate Mr. Melton for this GEM award.
