4. Table top exercise: Operation Release
 - Jim McCrone presented the table top exercise
 - This scenario is based on an actual incident in Harris County
 - Are we prepared to map the plume from the chemical release and possibly close highways and issue a shelter-in-place?
 - Plan for shifts in the wind
 - The emergency response guide (ERG) outlines chemical reactions and appropriate responses
 - First responders need this information to keep themselves and the public safe
 - Local jurisdictions will be stressed and there would be a need to engage the county Fire Marshal and Emergency Management Coordinator
 - The Incident Command should be present to coordinate efforts
 - Media helicopters will be videoing and reporting
 - The public information officer can help distribute information to the public as quickly as possible through the media

COLLIN COUNTY LEPC

- Possible contamination could occur due to run-off
 - NTMWD serves area cities and water conservation may be necessary
