# RESTORE

The Oxford English Dictionary has two definitions for “restore”:

1) *To store again...*

Many artifacts at the Farm Museum were once stored by donors in dusty barns, tucked away in sheds or displayed on shelves. Through donations, the Farm Museum collects these artifacts and **restores** them within the collections facility and exhibits. Thus, the artifact’s history is preserved and available for educating the public.

2) *To bring back...*

Through the generous contribution of Farm Museum volunteers’ time and knowledge, artifacts are systematically **restored** to their former glory through various project based restoration exhibits.

On Saturday, March 17, 2012, the Collin County Farm Museum hosted a Quilt Cleaning Workshop. During the workshop, the museum demonstrated tools and techniques with two of our own quilts: 1) a Yo-Yo feedsack quilt, and 2) a very old and tattered quilt.

Participants learned to clean their quilts using vacuum screen (rather than beating the quilts to loosen dirt); then using Orvus Soap Paste as a mild detergent; and finally gently washing the quilts in a large kiddie pool. ~ The step-by-step process is outlined in the Facebook album "Quilt Workshop."

The 2nd quilt was old and tattered consisting of a series of long strips of fabric. While washing it, a strip of fabric came off revealing a second quilt hidden underneath. Because of the poor condition of the top layer, we decided to perform quilt surgery and remove the top quilt layer intact. Does anyone know what this quilt pattern is called?

# Model Tea Party

## An Edwardian Inspiration

Come Celebrate the Collin County Farm Museum's

# RUMBLING DOWN THE ROAD

Model T Driving Course Training consists of two courses, Part I - starting the car & Part II - driving the car. Once participants have completed the courses, they are eligible for one-on-one driving with the instructor, Roger Meier, to continue developing their driving skills. Many of the participants will be recruited as volunteers to drive during parades and other events. \*For upcoming classes visit [myersinfo.com](http://myersinfo.com)

These pictures are from our first Model T Driving Course Training (3-31-2012). The first course was all about “starting” the car. We had 11 participants, including Collin County employee Eric Nishimoto and his wife, as well as three staff members of the Heritage Farmstead Museum in Plano!

# MYERS PARK & EVENT CENTER

Myers Park and Event Center has been voted “The Best Wedding Venue in McKinney” two year’s running by the Star Community

newspapers. The park was originally created as the Collin County Youth Park in 1969 with acreage donated by John and Winnie Myers and has since grown to over 158-acres of rolling land.

The park is some of the most beautiful parkland and venue space in the entire county that includes a beautiful 5,000-square-foot reception hall, The Landing with full caterer’s kitchen and open space that can easily be transformed to serve many needs. The gazebo, with a gorgeous lake and fountain backdrop or the perennial garden, with its scenic view of the lake and rolling hills, are the perfect settings for any outdoor wedding. The Pole Barn serves as an outdoor open pavilion with picnic tables, stage, and fire ring set at one end of a beautiful open grassy area perfect for family games of badminton or volleyball. Collin County Junior Livestock show and several other livestock, horse and dog agility shows are hosted at the 57,000 square foot multipurpose building the Show Barn. Future plans include an outdoor amphitheater that will seat up to 250 guests. In addition to being a popular choice for weddings, holiday gatherings, and reunions the Park offers a variety of entertainment possibilities each weekend by playing host to groups holding their events such as livestock shows, dog shows, scouting camps, educational workshops, and much more.

The Collin County Farm Museum strives to develop a better understanding and appreciation of Collin County’s rural heritage

from the earliest settlement through the 1960s. The Farm Museum consists of 8,528 square feet of collections and restoration exhibit in the Wells Building. Additional outdoor exhibits are along the Rural Heritage Trail, including the Windmill, the Confinement House, the Granary and the Blacksmith shop. The museum is open seasonally: Winter & Summer by appointment only; Spring & Fall, Wednesdays & Saturdays from 10 am to 3 pm or by appointment.

Texas AgriLife Extension Service with the Collin County Master Gardeners are an education service organization of volunteers trained in horticulture, landscaping, soil improvement, water conservation and many other subjects of importance to Texas gardeners. At Myers Park & Event Center, the Master Gardeners have several Earth-Kind research gardens, rose and crape myrtle garden, as well as a perennial garden.

Tours of the gardens are available the first Wednesday of each month starting at 9 am. For more information visit the website [www.ccgatx.org](http://www.ccgatx.org).

# UPDATE: HOME AND GARDEN SHOW

All the staff at Myers Park and Event Center worked very hard to complete the outdoor exhibits in time for the Home and Garden Show. The restored artifacts were squared off, lined with Austin stone, mulched and exhibit signs put in.

You can see the results of their hard work on the Rural Heritage Trail.

The staff also helped move the Cotton Harvest Exhibit from the museum to the Showbarn to showcase it at the Garden Show.

Many of the visitors to the Home & Garden Show enjoyed the exhibit as well as the museum. An estimated 7,000 visitors saw our exhibit.

# UPDATES

- The Collin County Farm Museum is working with Page Thomas and Diane Miller to accession the artifacts found at an old blacksmith shop archaeological site.

- The Spring season has brought with it an influx of scheduling for the “Fun on the Farm” program. We recently had 250+ people from Melissa, Texas.

- A replica globe has been found and attached to the 1930s gas pump in the museum. This gas pump was donated by Harold and Ruth Frazier.
- Ridgell McKinney came out to the Collin County Farm Museum for his 98th birthday and rode in our Model T. He brought with him a picture of himself when he was 3 years old riding in a 1917 Model T.
