**Item No. 3**            Update on Farm Museum

Ms. Florence reported for Ms. Rogers the following: The Collection storage is reorganizing and the inventory is continuing. A group of Collin County 4H homeschool students are assisting one Friday a month as their service day. Three Girl Scout troops are working for their Silver Project to create exhibits for the museum and should be finished this spring. The girls have already requested to do another exhibit when this one is finished. In regards to the Education Programs, revisions to the registration process are being made due to the workshops filling up so quickly often within 48 hours of release. The biggest change is that registration will no longer open when seasonal schedules are released. Instead, registration will open from month to month, and always on the last day of the month. SignUp Genius will continue to be used for registration. This allows customers to see how many spots are available and they can sign up immediately or place themselves on the waiting list.
